KÖNIG & MEYER
Stands For Music

26250

One-hand microphone stand »Performance«

Product variant

26250-300-55 - black

Technical Data

Height	from 1,055 to 1,750 mm
Material	rod combination made from aluminum, handle bar plastic
Rod combination	2-piece folding design
Quality level	
Leg construction	round base
Visibility	
Special features	silent and smooth height adjustment; stable, lightweight round steel base with plastic cover; circumferential rubber profile reduces undesirable vibration and footfall noise
Type	black
Price display	
Height adjustment	one-hand clutch
Threaded connector	3/8"
Base diameter	275 mm

The practical one-hand microphone stand »Performance« impresses through its reliability and functionality. The stable combination of high quality round-shaped rods and the elegant one-hand adjustment present a harmonious overall appearance. Also in connection with the classic König & Meyer expandable boom, the stand's elegant design is not diminished in any way. With the practical one-hand system the height of the stand can be adjusted smoothly and silently (no scratching noises). The ingenious steel base with its elegant plastic cover provides more stability even though the base is much lighter. A circular rubber insert ring on the base also reduces unwanted vibrations and foot traffic noise, even when the stand is placed in extreme positions. In addition, the floor (e.g. wood floor) is protected from possible damage.
