DAP

EAN: 8717748547002

The DAP GCM-10 is a professional gooseneck condenser microphone suitable for (e-) meetings such as conferences and webinars. It is a highly sensitive microphone that picks up sound from every direction evenly. It is therefore best used in situations where you want to capture the atmosphere of "being there". In addition, it is very reliable and captures a rich sound with little noise.

The GCM-10 is easy to carry thanks to its lightweight and portable design. Simply plug it into a phantom-powered 3-pin XLR connector and you're good to go.

Special features:

- Omnidirectional
- Low-noise
- Highly sensitive
- Lightweight
- Portable

Specifications:

Outputs
