Crafted to endure the toughest outdoor conditions, this case is designed to match the Flatline's unbeatable performance with top-of-the-line features that ensure your crossbow remains in pristine condition.

Constructed from SKB's renowned iSeries Injection Molded Mil-Standard, this case is formed from ultra high-strength polypropylene copolymer resin, making it a formidable barrier against water, dust, and impact damage. It meets MIL-STD 810H standards, ensuring its submersible and corrosion-resistant design will withstand the harshest elements, providing peace of mind during your hunting expeditions.

The case boasts an airtight seal, thanks to the gasket-sealed construction, and is equipped with Trigger Latch® System, keeping your crossbow securely locked inside.
